

<10>

There is no hole in the cabinet, and if it is screwed in directly, it will be drilled in automatically

<11>

The big round holes are all above.

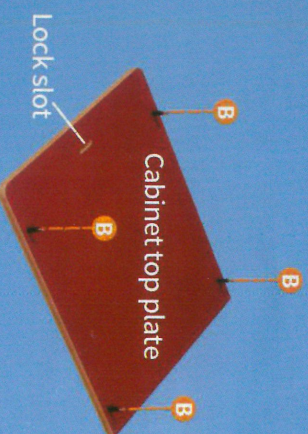

<12>

Cabinet rear panel

<13>

Cabinet top plate

<14>

The lock slot is here

<15>

When the drawer is inserted, both sides should be aligned with the guide rail. If the drawer is inserted askew and needs to be pulled out for readjustment, please watch the video

FC03 ASSEMBLY INSTRUCTION

Thanks for your buying our products, read it carefully before installation.
Please contact us in case of any problem, regarding assembly or the product itself, a smile on your face is our top priority.
(Attention: Don't tighten the screw before all screws are in place.)
